All participants are eligible for the final concert, Hi-Lites, if recommended by the adjudicator. The Hi-Lites Programme Committee will contact those selected.

MUSIC SIGHT READING RULES

Test pieces will be selected and supplied by the adjudicator. Participants must RETURN COPIES OF TEST PIECES following performance.

A copy of the test piece will be handed to the participant by the adjudicator. A few minutes will be allowed for reading and study. The selection will then be heard by the adjudicator.

PROSE SIGHT READING RULES

Reading will be selected and supplied by the adjudicator.

Each entrant will be allowed five minutes to prepare. Entrants are not to hear readings scheduled previous to their own. All entrants read the same section.

Adjudicator will limit selection to no more than four minutes in length.

Sight Reading Classes will be held WITHOUT an audience - other than the adjudicator's assistant (and accompanist in Vocal classes).

VOCALISE INSTRUCTIONS

Candidates must be prepared to sing one vocalise, changing vowels between [i], [e], [a], [o], [u], [y] and according to phrasing. Pure vowel sound, an awareness of musical phrasing and attention to articulation and dynamics are expected. The vocalise need not be memorized. Choose selections from Voice Syllabus, RCM.

RCM Vocalises

Vocalise selections for Levels 5 to 10 are published in Voice Series,

2019 Edition: Vocalises 5–8, Vocalises & Recitatives 9–10 (High Voice), and Vocalises & Recitatives 9–10 (Low Voice).

Vocalises are extended exercises that feature specific technical demands such as dotted rhythms, coloratura, legato, and sustained singing. They should be considered expressive songs without words.

- Students should focus on bel canto production of tone and on an observation of the musical markings, such as accents, dynamics, and phrasing.
- All vocalises must be sung using the vowels [i], [e], [a], [o], [u], and [y]. Students should change the vowel according to phrasing.
- The vowel sound [y] is like the French u as in tu or the German ü as müde. This vowel may be formed by singing [i] with the mouth shaped like [u].
- Vocalises need not be memorized, and no extra marks are awarded for memorization.
